Welcome to Kindergarten! Hi! My name is Mary Jo Ganey and I have taught kindergarten and second grade for 36 years. I believe in the Catholic School Education and have taught at St. Johns for 28 years. I graduated from McKendree University in Lebanon, IL with a Bachelor's Degree in Elementary Education. I enjoy learning and being the best teacher I can and participate in book studies and attend various professional development sessions every year. I love being the Jag Care supervisor and Camp Jags Co-Director. These are both before and after school programs I have helped supervise for years.

Children are my passion and our future and I cannot imagine doing any other career. My world revolves around my personal family, friends and my school children. I live in Freeburg with my husband, Randy and our pets. I have four children, Jessica, Rebecca, Nicholas, and Colette and I am Hammie to 7 grandchildren with number 8 due in March. I am very blessed to have a close relationship with my family.

What I love most about teaching is absolutely everything! It is a great adventure!

Mrs. Ganey
